SECTION 1: Symptoms

If your child has any of the following symptoms, that indicates a possible illness that may decrease the student's ability to learn and also put them at risk for spreading illness to others. Please check your child for these symptoms:

<input type="checkbox"/>	Temperature 100.4 degrees Fahrenheit or higher when taken by mouth
<input type="checkbox"/>	Sore throat
<input type="checkbox"/>	New uncontrolled cough that causes difficulty breathing (for students with chronic allergic/asthmatic cough, a change in their cough from baseline)
<input type="checkbox"/>	Diarrhea, vomiting, or abdominal pain
<input type="checkbox"/>	New onset of severe headache, especially with a fever

SECTION 2: Close Contact/Potential Exposure

<input type="checkbox"/>	Had close contact (within 6 feet of an infected person for at least 15 minutes) with a person with confirmed COVID-19
<input type="checkbox"/>	Traveled to or lived in an area where the local, Tribal, territorial, or state health department is reporting large numbers of COVID-19 cases as described in the Community Mitigation Framework
<input type="checkbox"/>	Live in areas of high community transmission (as described in the Community Mitigation Framework) while the school remains open

An inherent risk of exposure to COVID19 exists in any public place where people are present. COVID19 is an extremely contagious disease that can lead to severe illness and death. According to the Center of Disease Control and Prevention, senior citizens and guest with underlying medical conditions are especially vulnerable. By visiting the Washington County Fairgrounds, you voluntarily assume all risks related to exposure to COVID19.
